

To help stabilize rates, the Ontario government has implemented changes to auto insurance. Several measures are aimed at reducing fraud and abuse of the system, which increase premiums.

As your lifestyle changes, so do your coverage needs. Regular reviews of your policy will ensure you have the coverage best-suited to your lifestyle.

LIFESTYLE QUESTIONS

- * Do you make more than \$30,000/year?

 Consider increasing your Income Replacement Benefit to \$600, \$800 or \$1,000.
- * Are there people in your life who depend on you financially or for care (children, elderly or disabled)?

 Consider extending your Caregiver Benefit and/or adding a Dependant Care Benefit.
- * Does your employer provide a Group Insurance Plan?

Talk to your administrator to find out what you're covered for and consider increasing your Medical Rehabilitation Benefit. Most benefit packages are limited to \$500 a year per practitioner, and OHIP doesn't cover things like occupational therapy, private nursing and psychology.

If you own a vehicle in Ontario, you're required by law to purchase coverage in case an accident occurs. At a minimum you must carry **third-party liability**, **accident benefits**, **direct compensation property damage** and **uninsured automobile**. You have the option to increase limits and purchase additional **accident benefit coverage** to protect your lifestyle.

THIRD PARTY LIABILITY

Protects you when someone is injured or killed, or property is damaged. Pays defense costs to settle claims from any lawsuits against you, up to the set limit. Legally in Ontario you must carry at least \$200,000 in liability.

ACCIDENT BENEFITS

If you've been injured in an accident, regardless of who caused it, accident benefits cover expenses not covered by OHIP like rehabilitation, caregiving and loss of income. See chart for changes/options.

DIRECT COMPENSATION PROPERTY DAMAGE

If someone else is at fault for an accident, direct compensation covers damage to your vehicle, its contents and equipment (stereo, speakers) including loss of use and contents.

UNINSURED AUTOMOBILE

Protects you and your family if you're injured or killed by a hit-and-run driver or an uninsured motorist; covers damage to your vehicle caused by identified, uninsured drivers.
